we have you covered!

Get your brand noticed with custom direct imprint plastic buckets.
Perfect for promotions, events & product launches.

BUCKETS OF IDEAS

Financial Institutions: Ag Lenders logos on a bucket is a perfect way to get brand visibility! Or fill with a checkered tablecloth, bottle of BBQ sauce and a BBQ brush and you have a give-away for opening a new account. Other themes might include golf, crafting or home construction and so much more..

Construction Companies: Give to customers to promote service or simply place around a job site for trash or add sand for cigarette disposal. Discard unwanted materials and advertise at the same time.

Company Picnic: Any size bucket will work for this application. You can roll up a t-shirt or cap and put in a few odds and ends in the bucket for a company gift give-away.

Hardware stores: Buckets to keep bolts, nuts, and other parts stored and separated. They also make a great point of purchase, filled with product at the front counter with your logo front and center.

Holiday décor buckets: All season baskets and decorative buckets for gift pack or display.

Weddings/Conventions: A small bucket can hold a bottle of water, small snack and directions to a wedding or other function. It can be placed in hotel room or given out as guests check in.

Trade Show/ self promotions: Fill with samples, brochures and other giveaways.

Real estate office: Let the first thing your new owner finds on move-in day be a bucket with your logo filled with coupons, samples, and advertisements from area businesses; plant or gift basket.

Fishing Tournaments/Bait Shops: Fishing lures, bobbers, string or even fish!

Sports Outings: Buckets can hold bats, balls, gloves, paddles or even fill with water bottles for an easier way to transport them.
